

## Dream & Reality

A journey of personal spiritual development and healing. In my youth I looked outside for answers but soon realized that the solutions were within myself. My belief and conviction in God, the desire to be close to Him has enabled me to reach Him and find a way of communicating with Him. I have resolved personal conflicts and am at peace as I see God within myself as my Creator, Friend, Guide and Mentor. The face of human contact changes and blends but the multidimensional interface has far reaching consequences like splitting the atom and trying to unify it again. My poems attempt to describe intense spiritual contact and experiences that have transformed and enriched my life by replacing loneliness with a sense of constant companionship and depression with happiness, fulfillment and confident gratitude.
