

The Alastrine Legend II: Stormy Troubles

Fifteen years have passed since twins Angel and Alison Noland suddenly find themselves two thousand years into the future, destined to rescue mankind from evil. Angel, who is now queen of an elfin nation and mother to twins herself, is unfortunately confronted with evil once again. In Angel's mind, her sister, Alison, died when the shadowy consciousness in Ahriman transformed her into Stormy. Still, their sisterly bond is not easily broken and Angel misses her tremendously. But when Stormy bombs the elfin haven, Krikor, with a doomsday bomb, Angel must contemplate killing her sister to destroy the evil once and for all. While on a journey to consult with the Ancient Ones, things go from bad to worse when Stormy suddenly kidnaps Angel's twins. Aided by her husband and elf lord, Avery Soren, as well as her trusted badgercat and dwarf friend, Angel embarks on a quest to destroy the evil in an attempt to rescue her children and her sister from a fate worse than death. In this continuing young adult saga, time disappears as an elfin queen finds the power within to confront dangerous dilemmas and free her family and her nation from the darkness of evil.
