

# A Chance to Lie

Who is Bailey Bryant? Lies, like newborns, require continuous feeding in order to survive. Multiple lies require even more and Bailey is getting full. Her impulsive falsehoods in lieu of the truth prove reckless, though it appears that this cunning approach gets her what she wants in the interim. The realities that unfold before her while she dabbles in deception rock her foundation and significantly impact her life. Set in New York City, Baileys chronicle of self-inflicted troubles is cushioned by her love for friends, adult beverages and luxury retail- shed never be able to cope with whats in store for her without them. Her tale is as juicy as it is disastrous and wonderful. But is Bailey as credulous as she may appear?
