

Fun and Games With Rudolph (Naughty North Pole) (The Naughty North Pole Book 4)

Lars is the sarcastic elf who runs Santa's Mail Department and he follows the dating rule of no repeats. But lately he's been having a romantic relationship with another elf, via the dating app Elf4Elf. When his cyber boyfriend goes AWOL after a misunderstanding, Lars realizes too late that there is more to life than sex, work, and cookies. On Christmas Eve, Santa asks Lars to personally deliver a gift to Rudolph, a former reindeer handler who left the North Pole because of a misunderstanding. Rudolph lives on the secluded Sugar Plum Ridge and the only way to get there is by sleigh. Lars just can't get a break! When a sudden blizzard forces the two elves to hole up in Rudolph's cabin, will they find a way to make their own fun and games or will one surprise ruin it all? One thing is certain: after this night, they both will believe in the magic of the Naughty North Pole!
