

WITH A WINK AND A NOD

With A Wink And A Nod By Dallas Adrienne Davis Dr. Laura Willows (Protagonist), a woman in her 30s, reflects on the past as she drives into a New England town to start a new life in a new City. Her work at a government experimental lab went awry when two of her colleagues were poisoned. Although she is pro-life Laura chooses to work for an Abortion Clinic; hoping to get completely away from her life at the government lab and out of the lime light of society. Her supervisor, Dr. Charles Knight (Antagonist), blackmails her into doing the unspeakable. Lauras ex-coworker, Dr. Chauncey Sinclair (Protagonist), enters the picture in the guise of being in Dr. Knights corner. Chauncey and Laura team up against Dr. Knight, in hopes of bringing him to his knees. Chauncey Sinclair, a secret government agent, brings his team of men into the plot to overthrow the scientists who have joined Dr. Knight in their pursuit of a Perfect Society. Chauncey (Lauras pet name for him is Chance) and his team are members of the National Independent Covert Agency. The N.I.C.A. is a secret agency under the direction of one man in the C.I.A., code named Chameleon. Dr. Knight has built a complex in the mountains of Wyoming with state-of-the-art equipment under an enormous dome with fruit trees, vegetable gardens and housing for several hundred people. A conflict ensues and the good guys win, with a few mishaps. The complex is redirected and turned into a youth camp for needy and orphaned children.
