

Along the Journey

The poetry of Jeanne Lanigan reveals a harmony of sound and sense that is as simple as a friendly conversation.... she shares with her reader the wisdom and insights gained from the past and the expectations of journeys yet to come. The voice in these poems is gentle and compassionate, never biting or bitter, and like an old and dear friend, she wraps you in a warmth of emotional feeling for language, life, and laughter. The kindred sensibility to Rumi's spirit in the tone of these poems gives them universal and lasting appeal.
