

## United America: 2014

William T. Wescott tried minding his own business and staying out of trouble. When war engulfed the country, he moved his family safely out of the way and ran his weekly truck route from Manteo, North Carolina. But trouble couldn't stay away from him. His mysterious visitor, rebel spy and gay New York artist Stonewall Stan Jackson, brings the second civil war crashing right into Bill's living room. Now they are both on the run from the secret conspirators who plan to take over the country while the red and blue states continue fighting like kids in a sandbox. Will Bill and Stan thwart the conspirators and save America from itself? Only if they can get a squabbling band of Chassidic Jews, black separatists, white supremacists, militant gays and feminists, and Boy Scouts to work together; and only if these two mismatched heroes don't kill each other first.
