Its empty, she said, staring into the open grave. It certainly is. Weve been waiting for you, because its your funeral. No! she screamed, as he pointed the gun and pulled the trigger. Leonida Garcia has been beaten, robbed, widowed, and seen enough trouble in her young life to last ten lifetimes. Now she wants nothing more than to live peaceably on her rancho. But when someone murders Ambrose Brice, she encourages retired ranger and friend, Josiah Russell, to find the killer. The trail he finds leads him to her best friends door. While she worries about her friend Alice, and seeks to find a way of clearing her name, something even darker and more evil lurks in the shadows. If left alone, it will not only steal her land but take her very life.
