

## Animan: Death of a Poacher

A poacher, operating in Northern Kenya, out of Sudan, tracks a lone bull elephant, the biggest seen one in a generation. The specific goal is killing it and removing his enormous tusks. When the elephant turns the tables on the poacher and rampages through the poachers camp, killing his son, a chain of events is unleashed. The bloodlust slaughter of hundreds of animals, the attempted murder of a conservationist, the murder of his wife and the soldiers sent to rescue them is the beginning. For fourteen years, the poacher sought the elephant - the Devil Beast - and the conservationist sought the poacher. And then comes the cyber expert who changes everything... far more than he ever set out to do.
