

## ANJA ENLIGHTENMENT

Stop! In the real world, life can get so hard it is almost impossible to see a way out! If you knew what would happen after death, would you make the same choices in your life as you have? Or would you stay to ensure changes were made? Aborting the fate that may await you? This is the choice Katelyn must make. After a life of happiness, loss, torment, and abuse, to her the answer was easy . . . Stop fighting and just die! What made her change her mind? In this tearjerking lifelike story, enter her world and make it your own. Through her, find the answers and strength, to not just simply exist, but to also live a life you are in control of one of love, empowerment, and serendipity. Anja is the reason for questioning everything in this manmade world. Through the power within, the power we all possess, we begin to find the secrets of Katelyns life and her ability to overcome many mountains.
