

Apocalyptic Chronicles: Book One: Shield of Murders

Roger Henderson lived what many would consider a perfect life: a high-rise apartment, a respected job as one of Chicago's top homicide detectives and, above all else, complete control over his routine. But the consequences for some past doings cannot be escaped. Pushed into a chain of inexplicable events, he begins to slip between reality and insanity, losing the ability to tell the difference between what's real and what his guilt-ridden mind constructs around him. He finds himself fighting through nightmarish delusions, hellish remnants of those he couldn't protect and legions of creatures unlike any he could have dreamed up. All of which seem to guide him toward his innermost demon and learn the truth of that which is occurring around him, who is in control of the insanity plaguing him, and what the outcome his ordeal might hold for all of humanity.
