

A Handful of Ausseys (Classic Reprint)

Excerpt from A Handful of Ausseys The sketches so vividly drawn and described by the author depict the daily life experienced by the Australian Reinforcement from the time he leaves his far-away home until he finally becomes on draft and joins his battalion holding part of the line in France. I feel sure that the book, with its wealth of anecdote, will appeal to many apart from Australians, but especially to those members of the A.I.F. who from force of circumstance were unable during the first year to conic forward and take their share in the Great War of Right against Might. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
