

Best of Annie

A collection of pulpy adult tales of improper and inappropriate behavior, stories of people behaving badly, combined with companionship and camaraderie. Segments of this sexually-oriented material contain components that could easily be offensive to some readers and are restricted to adults open to such entertainment. If you are of a prudish nature, these tales are not for you. The Ranch Stable of Women - The sheriff has purchased a remote ranch and converted its horse stable stalls into small apartments. He collects fillies of the human variety to reside there, at least temporarily. Perverse Intentions - Sociopathic brothers disrupt and corrupt the lives of those they encounter, occasionally awakening the dormant perverse nature of their victims. Improprieties - The company President is a sadomasochist. As he becomes bolder, no one seems able or even willing to do anything about it. What goes on (or off) in the office, stays in the office. There is embarrassment, humiliation, naughty sophomoric humor. Submissive - A young teachers subservient nature has captured the attention of her students. As they reach age eighteen and graduate, three of them join forces to plot her sexual exploitation. They set her up to look like a predator, then manipulate her for their own nefarious pleasures. Sado-Games - A sadomasochistic couple buy a distressed company. A young mother and her coworkers encounter new experiences. Mission in Manhattan - Elizabeth and John initially meet while on a ferryboat. A situation involving international intrigue brings them back together, along with a host of other characters, an American mercenary, a Russian agent, and an American housewife and daughter who find themselves in dire straits in Eastern Europe. Excerpts: Each came up with imaginative sex games to play. When they didnt, they got punished. * * * What

are your intentions, young man?! shouted the husband. Perverse, old man, perverse intentions! Jared pistol-whipped Mr. Lange, then held the others at gunpoint - - - Youre late! chastised a man sitting at the table, the room dimly lit. Im sorry, Master. She knelt silently by his chair. Fetch me another napkin! Yes, Master. She ran and returned quickly. Strip, he casually ordered. She unzipped the elegant gown. It slipped to the floor. She was naked underneath. - - - Set up a schedule for employee photos. Lets start with the females. The ones of the women must be nudes, but dont put that in writing. Why nudes, sir? Because we can, Parker. Can we? Lets find out. Well say its a requirement for the special government contracts were getting. - - - How much did you spend on your pretty dress? Three hundred dollars. Joan went to her desk and retrieved a pair of scissors. Eddie, I want you to rip, tear and cut off your wifes clothes. Becky looked horrified. But I wont have anything to wear home! Its my favorite dress. What fun! said Joan. Eddie, start in the back where the zipper is. Pull that sucker apart. I want to hear fabric tearing. Here, Ill make the first cut. - - - But, maam, I have no clothes on. I cant let a gentleman see me like this. Oh, dont worry about that. Hes no gentleman. - - - If you dont go along with my requests, Miss Grimes, Ill show these pictures to the school principal, to the School Board. - - - She was forced to stand there nude as the guests began arriving, and recognized almost everyone. They were people she had worked with for nearly seven years. Some brought dates or spouses..... It was humiliating. - - - Her existence was dependent upon her keeping her job, pleasing the Cunninghams, and she felt intimidated by both. Don and Joan liked it that way. - - - She began running her tongue along the panty crotch as though she were licking a lollipop. ..I feel uncomfortable doing this for you, Mrs. C.
