

Glimpses of an Indian Soul - Readers Choice Mini Edition

Glimpses of an Indian Soul - Readers Choice Mini Edition - By Betty Paul Thottam Here in the West, whenever India is mentioned, we tend to associate it with either call centers or yoga. Without a doubt this is a monochromatic view of a very diverse nation with a billion people. Glimpses of an Indian Soul is a collection of poems that snapshots different facets of India and Indian society. It boldly speaks out against social evils like untouchability, corruption, terrorism, religious intolerance, poverty and female infanticide. It celebrates the Indian spirit and captures some very humanistic traditions with an Indian flavour. It captures in a very poetic way, mundane everyday scenes in India. We the publishing team, hope the world will see India beyond its stereotypical view through this book. The readers choice mini edition was developed solely based on the feedback by other readers like you, after reading the complete edition. We hope this condense version remains true to its title, glimpses of an Indian soul.
