

Black and Blue

High school was tough for the kids who didnt fit in at St. Agatha High, but a group of talented teens find solace in music. Gavin Armstrong has disdain for all things popular, while Kristen Carmichael struggles to bridge the gap between the popular kids and Gavins band of misfits. Amidst all this turmoil, Gavin finds himself grudgingly falling in love with Kristen. While he helps her find her own identity and teaches her how to look beyond the surface value of things, she helps him find meaning and purpose in his life. Eight years after graduation, Gavin and his friends have achieved stardom with their rock band, and Kristen is now a supermodel. Meddling friends bring these two stubborn soul mates back together, and things have an odd way of circling back to their circumstances in high school. Sexual tension mounts, and high school secrets are revealed. Can these two obstinate kindred spirits put aside their fears and pride and admit their true feelings for each other?
