Native Heart. Diego Martin Alphonse Dherzhinsky, DMAD to anyone who knows him, is an isolated Intersystem Alliance Intelligence Directorate operations asset. He kills key people of various species who make it difficult for the IA to function. This is the answer his brain gives him each day that he awakens along with a mission count until retirement. As far as he knows he is a good guy but he cant remember any family or previous missions.

The missions are one thing but...family? Strap-in for the ride as DMAD embarks on his longest mission ever without support and discovers absolutes are fiction. The Relevance of Belief.
