

Canyons of the Soul

Charles Stone, Boston lawyer and sculptor is retained again by Franklin Life Insurance Company. This time it is more than another dangerous investigative assignment, but one that involves saving the insurance company from financial collapse. Stone confronts Lucas Luke Simon, a prominent Mormon insurance executive turned sadistic self proclaimed prophet of a Utah polygamist sect. The confrontation is further complicated by the revengeful acts of a previous antagonist, Brigadier General Jane Meyers. Occult side events, romantic encounters and Southwest adventures add greater intrigue and dimension to this travel mystery. The reader and reviewer should be aware this dual genre allows the author to use greater details, flashbacks and delayed action. Be patient and you will be rewarded.
