

To The Last City

To the Last City is set deep in the Peruvian Andes, where five ill-prepared travellers - men and women with different values, temperaments and motives - find themselves trekking through one of the most exacting and beautiful regions on earth. It is a journey which may temper or destroy them. They confront not only their relationships with one another, but also the enigmas of the country's past, the dangers of its present, and the limitations of their own minds and bodies. The lost city of their destination is Vilcabamba, last refuge of the Inca against the Spaniards, subsumed by jungle for four hundred years. In this brilliant exploration of the psychological challenges of travelling, set within the exotic jungle of South America, Colin Thubron for the first time joins his highly acclaimed talents as a travel writer with his gifts as a novelist.
