

Feral Heat (Werewolf & Shapeshifter Erotica)

Beth, a career waitress, spends the occasional night at OBrians, a seedy dive bar that rests on the outskirts of her rural town, to dilute the monotony of her life with White Russians. Tonight, however, her life will change as a handsome mystery man enters the bar clad in a white v-neck and spurs. She feels drawn to him and his gray eyes with their black crescent pupils; its as if hes surrounded by a kind of feral, gravitational pull. Consumed by ferocious desire, she confronts the mystery man and chases him into the forest where he captures and binds her for the wettest and wildest ride of her life. Warning: this 12,000+ word pairing of erotic stories is sexually explicit and unsuitable for those younger than 18. It contains luscious scenes of domination, bondage, paranormal sex, gushing, and a tantalizingly climactic threesome. These stories are meant for the open-minded and sexually adventurous. Read on if you dare! Note: This is a duology. It contains Claimed in His Cave and Lust of a Werewolf. EXCERPT: I turned to face him. His head was tilted to the ground but his eyesgray like the moon on a darkened nightwere pointed directly at me. He stared me down as would a wolf defending its territory, or a wolf preparing to claim its mate. I unclasped my bra and let it fall from my arms to the floor. He stepped forward in a flash, lifting me up from my hips, and slamming me against the wall. My core was at eye level for him; he was going to feast like a bear digging into a pot of honey. At first he leaned in and sniffed me, but he began to salivate and, licking his lips, he dove in. He anchored the hem of my panties between his canines and shredded them. They fell apart and drifted down my legs to the soggy floor. He didnt waste a single moment. He dug into me with his tongue.
