

Wonderful: Full Color Edition

Wonderful, the Book As you dive into Wonderful, you notice it displays and contains amazing pictures, insights, and illustrations. Wonderful is a glorious and enlightening book that graces us with the greatness of God. We serve a Wonderful creator. This book is a masterpiece, a message, and a source of power that has to be read. As you navigate through the blessings within Wonderful, each poem exemplifies the love of our Good Shepherd. There is no love greater than our First loves love. It has to be uncovered and discovered, because it was love that brought our Savior to humble himself as a man, and come down from Heaven to be slain for us, to save us, and for us to join His cherished family. It is the same love that should be taught all across the globe, because His love is simply, Wonderful.
