

## The Edges Of The Spirit: Poetry

I compiled The Edges Of The Spirit for readers who want to feel a genuine essence of soul to connect it with supreme. Every poem was outcome of immense hardship of hours. The origin of this book comes from threshold of tranquil nature which always inspired me a lot. The Edges Of The Spirit refers about intense description of the medium to connect every edge of soul to almighty. To read this book I would suggest to explore every line connecting to the title and ultimately with tranquil series of emotions.
