

Sky of Dust: The Only Weapon (Volume 2)

Book 2 of 3 After Dalyn found his family, things should have become easier. Instead, he chooses to assist his friends in their efforts to retrieve their families from The Lost Sons grip, as well as reluctantly helping the shady President Reeves. Dalyn and his friends are different from normal people, they have abilities. Abilities that slowly make the user go mad the more they use them. The Lost Sons wish to harness the power, and have spent the past seventy seven years researching the infection and selling soldiers with abilities to the highest bidder. Dalyn and his friends face their greatest challenge yet, forced into action by a new enemy with a familiar face. One will lose their abilities, one will lose their mind, one will betray, and one will lose their life.
