

## Poetry By Wayside Buds Of Promise: BOOK THREE: A Collection of Original Poetry From The Late 1800s Written by Union Officer in the CIVIL WAR With ... from the actual ORIGINAL WRITINGS!

Poetry By Wayside, Buds Of Promise, authored by Wayside is Book Three of four books of POETRY BY WAYSIDE written originally by Wayside in the late 1800s. Some poems are of American patriotism and some are about the Civil War, the blues and the greys. Wayside, whose real name was William McFarland, was one of my Civil War ancestors. He was a POET of the NORTH. He wrote so many poems that we had to put them in several printed, paperback books. William McFarland lived from 1823 to 1887 in the USA.

William McFarland was in the KANSAS UNION ARMY, Co. K, 13th Voluntary Regiment as a Sergeant for the Civil War. He fought for the NORTH. These poems are over 100 years old!! All these poems were written prior to 1887 but none of these were published or printed into a book and thus these are all ORIGINAL POEMS that are over 123 years old!! William McFarland was also a school teacher in Indiana, Kansas and Illinois. William McFarland also lived on a farm as his parents owned a farm. His poems are inspirational in nature and give us great hope. ORIGINAL IMAGES taken from the actual ORIGINAL MANUSCRIPT featuring the very same poems inside this book are also included. The reader can see for themselves the condition of the old paper and the actual original handwriting. This writer had such elegant and beautiful handwriting and he wrote using a QUILL PEN. How often can this be found now? How many poems can you find like this written in 1800s which have not yet been published in a printed book? These poems are NOT reproductions of ANY poem previously published by Waysides family in a printed and published book. These poems inside this book are extra special. They are unique as they were written in the late 1800s. The poems in this book all are titled with Buds of Promise. Buds of Promise Green River

Since it was my ancestor that wrote these  
poems these poems have been very  
precious to us. William McFarland is my  
great, great, great grandpa. These poems  
have been a family heirloom which was  
part of my familys legacy. The poetry was  
handed down from one generation to  
another and kept safe and protected. It was  
the dream of Wayside to have his works  
published into a book. However, Wayside  
never lived long enough to accomplish this  
task and so it has been a goal of mine to do  
this for him. I only wish that my ancestor  
would know that I was able to do this for  
him. Inside the book we have some  
images which were taken directly from the  
original handwriting of Wayside where  
these poems were written. What you see  
are actual original poems that were never  
before published along with many scanned  
images from the very same originals.  
These images and these poems are original  
poems that came from Waysides poetry  
and they were never published before in a  
book.
