

The NeverMore Subjects: Outcasts Always Mourn

The year is 1961. America has never been discovered. The Great War has never ended. But a new war is about to begin... Seventeen-year-old Ricka always knew he has a bigger purpose than being in the War and hes determined to do anything to find out what it is. He never knew that he would reach the Island - a forgotten country over the unknown sea, populated by Norse warriors and traveling kings, bicyclist nomads and a mysterious stranger who seems to know exactly what Ricka is destined to become. Yet Ricka learns that he isnt alone. There are others searching for this Island, to find the infamous Nevermore Subject whose very existence could change the course of history, and suddenly a new war begins - one that Ricka cant escape, where he must join forces with lost princes and fallen heroes. But victory will only be achieved when Ricka accepts that he cannot avoid his fate, even if it means becoming a part of the War he tried so hard to escape....
