

## Bible Reflections: Journeys of the mind

There is beauty and a rhythm in the language of the scriptures that is often overlooked in the pursuit of meaning. This collection of Bible principles is congruent with Gods meaning but attempts to catch a vision of that beauty. It is hoped that the format of this presentation might make it easier for some to understand the message of the Bible. Above all, those who hear the Word of God need to be reminded constantly that Gods meaning is inaccessible to those who by human wisdom seek to understand His Word. God uses the language of men figuratively in order to communicate the mysteries of His Will. Its terms are only revealed as one compares scripture with scripture (1 Cor.1:21; 2:13; Isa.28:13). My hope is that the meaning of mans life as revealed in Gods Truth may be seen in a clearer perspective as it is presented in verse.
