

## Reede These

A feast of short stories that are both interesting and diverse. From adventures in the Australian bush, to every day mundane topics that are heart warming and yet at the same time very exciting. Some of the tales are quite alarming but they all have a happy ending, and at times the stories give the reader an in-depth look at some unusual adventures. Diving with sharks, a child act on the Tivoli (A past venue of vaudeville in Melbourne, Australia) this is a true story about the year of 1953, another true story of two teenage boys who had to go grape-picking when men were away at the war in 1943, the tale of seven runaways from a boys home, many fictitious adventures of children in various situations, even a medical story of a Rugby player etcetera. There are a few adult stories with no children involved but they are suitable reading for children too. Give yourself a break and relax with a good Reede.
