

## Dreams Really Do Come True

In 2008 John Entwistle wrote his autobiography, Bolton Born and Bred. In it he tells of the joys and tribulations of starting his own successful business, the British Turntable Company (now Movetech UK), as well as the great thrill and encouragement he takes from family life. Now turning his hand to fiction, John weaves together a story full of hope concerning a man down on his luck, who suddenly discovers that his world changes - in so many more ways than he could ever imagine. What would you do with a winning lottery ticket? And how would it change your life?
