

Exile Corporation

Millionaire playboy, entrepreneur, Mark Knoxx, CEO of Exile Corporation, has developed an internet device that can access the worlds hospital records, providing real-time diagnoses for hospital patients once it is placed on their wrist. Mark Knoxx has developed: HEAVEN Hospital Evaluation and Authenticated Vitals Encoded Navigator. A powerful group, calling themselves The Firm, has approved HEAVEN for worldwide distribution because they want to control it and Mark Knoxx. Not because Knoxx has developed the perfect medical diagnosis program, but because he has developed the perfect assassination program. An investigation into the murder of a drug-dealing thug in Hollywood, California, leads L.A.P.D. and F.B.I. officers onto a stairway to heaven, uncovering a plot to murder world figures. Following the trail of money and bodies, can they stay alive long enough to stop The Firm, the distribution of HEAVEN Navigators, and Exile Corporation. And, can they stop Mark Knoxx? Heaven only knows.
