

Detours To Destiny Prophetic Poetry

To enter into Divine Destiny, we must acquire the true knowledge of God: of who we are, who the Father is, where we are, our purpose for being, where we came from and the very way back home-the mystery of life. As long as we are persistent in our pursuit of divine destiny, hidden things are exposed and deep things are revealed. This book is designed to lead you into His divine presence, eternal love, and perfect will where you will lack nothing.
