

From Mighty Roots (Salaakia Book 1)

Fantasy adventure From the tree dwelling kingdom of Knavesmeer to the great castles of Davilon, an evil is quietly spreading in the hearts of mankind. For centuries moonlings and humans have lived side by side in peace. So when an entire being as peaceful as the moonlings disappears one night it should have shaken the world. Instead what followed, was weeks of jubilant celebration. William, who always thought of himself as an ordinary guy, finds himself at the centre of the troubles. Some natives of Knavesmeer seem to think that he holds the key to saving them. But why? Before he can help anyone, William must undergo several struggles. With the help of his valiant friends, he sets off for answers.
