

The Miraculous Hand of God

This book is about various miraculous interventions in peoples lives. There are stories from a 2 year old to a 73 year old and several in between as well as in different walks of life . Some are as told to me by others and some are my own and verifiable . God is still a God of the miraculous. If you don't think so, I really believe that if you just read this book, you'll change your mind. Take a peek inside and let me hear from you and let me know ,if you believe or not. May God bless you. Patsy Moore
