

The Mens Club: A Novel (FSG Classics)

Seven men, friends and strangers, gather in a house in Berkeley. They intend to start a mens club, the purpose of which isn't immediately clear to any of them; but very quickly they discover a powerful and passionate desire to talk. First published in 1981, *The Mens Club* is a scathing, pitying, absurdly dark and funny novel about manhood in the age of therapy. The climax is fitting, horrific, and wonderfully droll (The New York Times Book Review).
