

Ghost Girl

Thirteen-year-old Cath is a new girl at a Catholic convent. She is afraid of the nuns, unused to the restriction and terrified of God. She finds refuge in nature, and her friend Olives vision of the starry limitless universe. Caths sister Very is at art school in seventies Punk London. She lives a wild chaotic life with bedraggled artists, outrageous homosexuals, and shadowy nightclub owners. When Cath visits Very, the two sisters whirl through the city together, along Chelsea Embankment and through the alleys of late-night Soho. But London, like the convent, holds its dangers and Cath must find her own way through.
