

Fishing for Stones

1990. When Steve Hayling learns of a diamond deal taking place in the Scottish Highlands, he comes up with an audacious plan to steal them. He and his close friend, Andy Mannion, risk their lives to snatch the stones from under the noses of a London gangster and a Major from a rebel army. Close on their heels is DCI MacIntyre of the Grampian Police. What could possibly go wrong? Taking place against the backdrop of a country torn apart by civil war, and the beauty of the Scottish wilderness, the action reaches a surprising conclusion. There can only be one winner. Or can there?
