

Glimpses of Light

For many years I wondered why I was on earth; what was the reason for my life; what was the purpose of it all and where did I fit into the scheme of things. I believed that God and Jesus and Satan were real, and the Holy Bible was God's book of instruction to the world and eternal life. But the 2000 years between Jesus' life on earth and mine made the connection a problem. I just didn't get it! Did I personally have a purpose? Did God actually know me? I had to find out. So my quest for truth and peace began. These poems and stories were written over many years during my search for and my walk with the Lord. You too, can be greatly blessed no matter who you are, how old you are, where you live or what has happened in your past. Through reading this book I pray you will encounter God's voice and see His hand in your life also. May you be blessed with peace and joy.
