

The New Siberia: Being an Account of a Visit to the Penal Island of Sakhalin, and Political Prison and Mines of the Trans-Baikal District, Eastern Siberia (Classic Reprint)

Excerpt from The New Siberia: Being an Account of a Visit to the Penal Island of Sakhalin, and Political Prison and Mines of the Trans-Baikal District, Eastern SiberiaI have endeavoured in the following account of my latest Siberian experiences, to avoid, as far as possible, any reference to Government statistics. The latter would only weary the general reader, and perhaps lead to controversies which, experience has taught me, conduce to very little more than the waste of good ink, pens, and paper. Questions of special interest connected with the Russian Exile System will be found in the Appendices. The probability of the total abolition of exile to Siberia in favour of deportation by sea to the Island of Sakhalin has suggested the title of this work, which contains little more than a series of sketches illustrative of life and travel in the remoter parts of Asiatic Russia.
