

## Henry Brocken

Excerpt from Henry Brocken: His Travels and Adventures in the Rich, Strange, Scarce-Imaginable Regions of RomanceThe traveller who presents himself in this little book feels how tedious a person he may prove to be. Most travellers, that he ever heard of, were the happy possessors of audacity and rigour, a zeal for facts, a zeal for Science, a vivid faith in powder and gold. Who, then, will bear for a moment with an ignorant, pacific adventurer, without even a gun?He may, however, seem even more than bold in one thing, and that is in describing regions where the wise and the imaginative and the immortal have been before him. For that he never can be contrite enough.About the PublisherForgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
