

## Horses, Rifles & Other Loves: . . .Wade Dellums Trail to California

The Wade Dellums Adventure Continues! The Wade Dellums adventure continues when he trails into Northern California pursuing his Winchester rifle sales, his wanderlust and his new love, Darcy Larson. Dellums, the quiet, unassuming cowboy, becomes a man of action when the situation requires; as he travels through California mining towns and camps, charming folks he meets and selling his firearms. Everywhere he trails his help seems to be needed. When he rides out of a town, he leaves folks the better because of his presence. . .and Darcy loves him for it! In this second novel chronicling Dellums travels and adventures, the author spins his tale around historical places, events and folks. The result is a intriguing fiction-nonfiction story to be enjoyed by all western fiction readers.
