

Peveril of the Peak

Julian Peveril, a Cavalier, is in love with Alice Bridgenorth, a Roundheads daughter, but both he and his father are accused of involvement with the Popish Plot of 1678. Most of the story takes place in Derbyshire, London, and on the Isle of Man. The title refers to Peveril Castle in Castleton, Derbyshire. Here is a plot without a drop of blood; and all the elements of a romance, without its conclusion, says King Charles II near the end of Peveril of the Peak. As well he might! The books about a popih plot to do him in, and pits puritan against catholic in a nation thatd just passed through the worst of its reformation. Peveril of the Peak was written in 1822 -- that is, in Scotts middle period, a time when he wrote books by reconstructing history, as hed first done in Ivanhoe.
