

The Wedding Gathering.

Another Davie Heath the Victorian Detective story. This time he investigates smuggling on the East coast of Scotland. A new partner called Bella surprises him. Some of the old characters are in this adventure. Little Maggie takes a prime role and finds her relations and becomes a queen. Olivia makes a surprise visit with another surprise for Heath. There is danger for all in this adventure both on shore and off shore. Why not read this book and find out if Heath finds the happiness he is looking for. A great story.
