

Hump Day

The dead are rising, leaving their graves in order to feed on living flesh. Banding together in massive armies, they are ripping, rending and clawing their way through entire cities, leaving mutilated and half-eaten corpses in their wake. Driven by hunger, almost impossible to kill, they will bring on the end of the world if they are not stopped. Secret agents Hump Dumpster and Joan Eastwood are called in to put an end to the flesh-eating menace once and for all. Using the resources of their agency FIRM, they fight the monsters at every turn as they desperately search for a way to end the apocalypse. Its a race against time as they fight an enemy who can not die, for stakes larger than they ever could have imagined.
