

IEC 60465 Ed. 2.0 b:1988, Specification for unused insulating mineral oils for cables with oil ducts

Covers specifications and test methods for unused mineral insulating oils, as delivered, intended for use in cables with oil ducts. These include hollow core cables, pipe type cables and any others in which provision is made for the oil to flow. Supersedes IEC 60465 (1974) and its first supplement 60465A (1977).
