

## Cruncher Sparrows Flying School

Cruncher Sparrow spread his wings And said: Im meant for bigger things! Live for adventure, thats my rule - Im going to start a Flying School! His pupils were a curious crew: Geese, Peacocks, Hens, and Penguins too. Will Cruncher crash, or fly to glory? This book reveals his stirring story. Cruncher Sparrows Flying School marks the return of the popular, daredevil character who first soared to fame in Cruncher Sparrow High flier. The author, Gordon Snell, has written many childrens books, verse stories, and radio and cartoon series. The illustrations are by Michael OClery, who is an artist, and keen birdwatcher, and a professional painter of birds and their habitats.
