

When Mr Dog Bites

Dylan Mint has Tourettes. His life is a constant battle to keep the bad stuff in - the swearing, the tics, the howling dog that seems to escape whenever he gets stressed ...But a routine visit to the hospital changes everything. Overhearing a hushed conversation between the doctor and his mother, Dylan discovers that hes going to die next March. So he decides to grant himself three parting wishes, or Cool Things To Do Before I Cack It. Number one on the list is to have real intercourse with his stunning and aloof classmate Michelle Malloy. Secondly, Dylan pledges to fight heaven and earth, tooth and nail, dungeons and dragons so that his best friend Amir can find a new best bud. And finally he has to get his dad back from the war so that mum can stop crying so much. Its not a long list, but its ambitious, and he doesnt have much time. But as Dylan sets out to make his wishes come true, he discovers that nothing - and no-one - is quite as he had previously supposed.
