

Carousel

Carousel is the story of a spoiled boy from an Indian family residing in the UK. Rajesh has had a privileged and pampered life and is resentful of being in his father's shadow. Desperate to make his mark in the world and by a twist of fate, Rajesh enters the grimy world of London's organized crime scene and becomes embroiled in a complex Tax fraud called Carousel fraud. Seduced by money, power and a array of flamboyant cars and women, Rajesh is quickly losing control of his company, his marriage and his freedom. Based upon real life characters.
