

In A Fevered Land

Lon Prather and his cousin Emory Campbell, determined to escape the drought and financial ruin of cotton farming, follow promises of money and adventure to the Texas oil-field towns of Wink, Kilgore and Odessa. Irene Sandell captures the historical truth of boon town life in the 1920s, at the same time weaving a complex and twisting plot of love and hatred, hope and regret, poverty and power. A page turning adventure with heart.
