

Obsesion (Spanish Edition)

La poesía como obsesión vital de liberación: temas que perennemente asaltan los pensamientos, palabras que se traen jugando en la cabeza desde la adolescencia y que, aun cuando se descargan en el papel, exigen reacomodos y replanteamientos en la madurez; y entonces el poeta artesano se sumerge dentro de un océano de notas inconclusas, escritos anejos e ideas renovadas. Camino difícil, al correr de los años, pero al fin camino que conduce, casi nunca de manera directa, a un universo personal, como el contenido en estas páginas; las cuales nos pueden reflejar amargas derrotas en ciertos episodios y deleitarnos en otros con imágenes de contundente emoción, ambos casos bien logrados, y cuyo espíritu transmisor atestiguará el lector de esta obra basal y honesta.
