

Lochandhu, Vol. 2 of 3: A Tale of the Eighteenth Century (Classic Reprint)

Excerpt from Lochandhu, Vol. 2 of 3: A Tale of the Eighteenth Century What stratagems, how fell, how butcherly! Shakespeare. Amherst found the Baronet seated, as usual, in his great leathern-chair, in his old corner by the fire-side, with all the comforts of his dishabille about him, while Lady Sanderson was engaged reading to him from some of the newly published pamphlets of the time, occasionally relieved by Macflea. His reception was much more kind than his own previous reflections had taught him to anticipate. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
