

Lord Skyler & the Earth Defense Force

Jacob Skyler's Diary; A year ago I was just an average guy looking to get out of high school and go to college on a baseball scholarship. Now I am captain of an Ancient Aderain space fighter and Earth's best hope of survival from an alien invasion. I didn't want to be the leader. Jim Kelly was supposed to be in charge. We all trained on an alien planet with a bunch of other kids for a year, we never expected the devastation Earth took during the invasion bombardment. I was worried about passing classes a year ago. I never thought I would destroy half an alien battleship in space with a different tactic of attack. I never wanted to kill anything before the aliens invaded especially with a sword. I never wanted this responsibility but yet it is my responsibility now and I want revenge.
