

The Gin Girl

Fiction. The new book of fiction from River Jordan, *THE GIN GIRL*, captures the essence of Florida and those who inhabit its salty marsh. Jordan makes you care about the people she writes about, even the ones you might not like--but more than that, she makes you see them. Her literary spice rack has everything you need to put together a good book, and this was fun to taste --Rick Bragg. Jordans prose effectively paints images of Floridas sparsely inhabited landscape. Her images encompass characters as haunted and lovely and endangered as the land they cherish--Janis Owens.
